Ellen Bray

OUR APPROACH
At KIPP San Francisco Bay Academy, inquiry-based science classes are taught from fifth-through eighth-grade. Students go outside for a field lesson once a quarter and for an end of the year trip. Every morning, scholars have leveled reading time and celebrate weekly accomplishments with the whole school in circles each Wednesday. Music, art, and yoga are offered as electives each day, and students can take on leadership opportunities with student government and homeroom representatives. To check in on progress, KIPP SF Bay has quarterly parent-teacher conferences with all students and families. We believe in a restorative approach for classroom management and school wide discipline. Social-emotional lessons are essential to a KIPP SF Bay education and students practice restorative circles in homeroom every Wednesday. All students have access to a Chromebook in all classes.

KIPP San Francisco Bay Academy is a two-time California Distinguished School, and has served a diverse group of scholars from all neighborhoods of San Francisco for over fourteen years. Our students benefit from KIPP’s academic rigor in English Language Arts, science, and math, and we cultivate character development through social-emotional learning and a restorative justice approach. By eighth grade, our students are prepared to thrive at KIPP San Francisco College Preparatory in Bayview-Hunters Point for high school. KIPP San Francisco Bay Academy is one of 15 KIPP schools in the Bay Area and 224 KIPP schools nationally educating nearly 100,000 students on their path to and through college.

KIPP THROUGH COLLEGE

KIPP Through College ensures that all students and alumni have the skills and resources they need to navigate to and through college into self-sufficient adulthood. Services include: financial literacy workshops and college savings accounts for all students; college advising for eleventh and twelfth graders; alumni advising for KIPPsters in college; and career readiness programming and support.
